**BERNINA-BAHN**

Direkte Verbindung vom Engadin nach Italien. 2256 ü.M.

The image shows a yellow and black Bernina-Bahn train traveling through a scenic mountain landscape. The train is on a track that curves through a valley with a large green lake in the background. Snow-capped mountains rise in the distance under a clear blue sky. The train has 'BERNINA' written on its side. The text 'BERNINA-BAHN' is overlaid in large red letters, and 'Direkte Verbindung vom Engadin nach Italien. 2256 ü.M.' is written below it.

### GEOPHIC

The Alps are a mountain range in Europe. They are located between France, Italy, Austria, Switzerland, and Slovenia. The range is the highest in Europe, with Mont Blanc being the highest peak at 4810 meters. The Alps are a young mountain range, formed by the collision of the African and European tectonic plates. The range is home to a wide variety of plant and animal life, and is a popular destination for tourists and outdoor enthusiasts.

**Key facts:**

- The Alps are a mountain range in Europe.
- They are located between France, Italy, Austria, Switzerland, and Slovenia.
- The range is the highest in Europe, with Mont Blanc being the highest peak at 4810 meters.
